PROFESSIONAL DEVELOPMENT

Backend Developer M7 Corp

09/2023 - Present

Chennai - TamilNadu

Achievements/Tasks

- HR Dashboard: Streamlined employee data management and improved analytics
- Karunai Karangal: Developed a dynamic website for real-time updates of events, blogs, galleries, and causes.
- Thaagam Org: Enhanced operational efficiency by optimizing resources.

WORK EXPERIENCE

M7 Corp (09/2023 - Present)

Designed, developed, and maintained scalable web applications using the Django framework, adhering to industry best practices for maintainable and reusable code.

Designed dynamic, responsive websites and custom admin dashboards, integrating HTML, CSS, and JavaScript.

Optimized web solutions for performance and security, while collaborating with cross-functional teams to meet project goals.

PROJECTS SUMMARY

Hr dashboard (01/2024 - Present)

- "Built and maintained scalable Python backend solutions, prioritizing performance, reliability, and security. Collaborated with cross-functional teams to design and deploy robust APIs and data processing pipelines, enhancing application architecture and functionality."

Thaagam.org (01/2024 - Present)

- Contributed to the development of the dashboard page for Thaagam.org, a website dedicated to social causes. Specifically focused on enhancing the orphanage page functionality, implementing features to streamline orphanage management processes. Collaborated with the team to ensure seamless integration of orphanage-related data and functionalities into the website's dashboard, facilitating efficient communication and support for orphanage administrators.

Karunai karangal (05/2024 - 06/2024)

- Developed "Karunai Karangal," a dynamic website that allows for the seamless addition of events, blogs, galleries, and causes. Implemented features to ensure real-time updates and user-friendly interaction. Enhanced the site's interactivity and content management capabilities.
